

RADIATOR FEET

We have a range of feet that can be fitted to panel radiators when the application does not allow for standard wall mounted brackets.

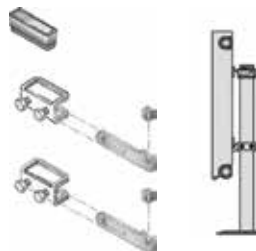

Code	Description	Suitable for	Colour
TFC04	Radiator Feet 400mm	Radiators of heights 300-400mm	White
TFC06	Radiator Feet 600mm	Radiators of heights 300-600mm	White
TFC07	Radiator Feet 700mm	Radiators of heights 400-700mm	White
TFC08	Radiator Feet 800mm	Radiators of heights 400-700mm	White
TFC11	Radiator Feet 1100mm	Radiators of heights 500-900mm	White
TFCSETS	Standard Fitting Kit	Type 11	White
TFCSETK	Standard Fitting Kit	Type 21 & 22	White
TFCSETM	Standard Fitting Kit	Type 22 & 33	White

All feet are sold as a single unit and require a standard fitting kit per foot. Radiators less than 1600mm long require at least 2 feet, radiators over 1800mm long require at least 3 feet.
